If an emergency is life threatening

If someone’s life is at risk, call 911 or go to the emergency room immediately!

If you need emergency care

An emergency is a serious problem that needs immediate attention, such as very bad pain, a lot of bleeding, a bad infection, or serious harm to teeth, gums, or jaw. If you have a serious injury, call 911, or call your Dental Home right away. The phone number is on your Member ID card.

If you need urgent care

Urgent care is when you have a serious dental problem, such as pain, bleeding, or infection that is getting worse every day, but is not life threatening.

If you have an urgent dental problem that is getting worse, but it is not an emergency, call your Dental Home. If you need help getting an urgent care appointment, call Customer Service at 1-855-934-9812. Our office hours are business days, Monday through Friday, 7:30 AM - 6:00 PM.
Welcome to the Maryland Healthy Smiles Adult Dental Pilot Program!

The Maryland Department of Health (MDH) is pleased to announce that you are eligible to receive limited dental services through Maryland Medicaid. The Pilot provides dental services to adults ages 21 through 64 who are eligible for both Medicaid and Medicare and who are not enrolled in a Managed Care Organization (MCO). The Pilot will cover certain dental services up to $800 in 2019.

What services are covered under the Pilot?

Some of the covered dental services for adults eligible for the Pilot include:

- Regular checkups with your dentist;
- Teeth cleanings;
- X-rays to check for problems;
- Fillings to treat cavities;
- Extractions to pull unhealthy teeth;
- Anesthesia to stop pain during treatment

To find out if a service is covered under the Pilot, call your Dental Home, or call Customer Service at 1-855-934-9812.

What is a Global Treatment Plan?

At each visit, the provider and member must sign a global treatment plan before any services are started.

By signing the global treatment plan you are stating you understand that:

- You have an annual maximum benefit allowance of $800 for covered dental services;
- Your maximum benefit allowance for dental services will start over at the beginning of the next calendar year, if you are still eligible for this benefit plan;
- You will be responsible for signing a Non-Covered Service Agreement that will detail your out-of-pocket expenses, if you choose to receive dental services after you have reached your maximum benefit allowance; and
- Your dentist may only ask you to pay up to the Medicaid rate of reimbursement for the services covered under the Pilot (see Appendix A for more details).
What if I need services that are not covered?

Members who are eligible for the Pilot are eligible for services listed in the benefit package (see Appendix A). For services not covered under the Pilot, you will have to sign a Non-Covered Service Agreement form if you agree to pay for the services out-of-pocket. By signing this form, you are agreeing to pay a specific price for a specific service that is not covered by Maryland Medicaid.

The Non-Covered Service Agreement must be written in your native language and should be easily understood. It must include the specific dental codes and costs for any services that you will have to pay. Your dentist is not allowed to charge you for services provided, if you do not sign this agreement before the service is completed.

Do I have to pay for dental services?

If you see a dentist who is actively enrolled in the Maryland Healthy Smiles Dental Program (MHSDP) network, you do not have to pay for dental services that are covered by the Pilot.

You will only be responsible for paying for services if:

- You exceed the $800 annual benefit allowance and want additional services;
- You want to receive services that are not listed on the Maryland Medicaid Adult Dental Pilot Fee Schedule; or
- If you see a dentist who is not part of the MHSDP network.

Finding a dentist

To find a dentist who sees patients in the Maryland Healthy Smiles Adult Dental Pilot Program:

- Call your assigned dentist. The phone number is printed on your Member ID card.
- Call TTY (for hearing impaired): 1-855-934-9816.

When you call Customer Service to find a dentist, we can give you the names, addresses, and telephone numbers of dentists who are close to your home. We can also get a dentist’s office on the phone with you and make an appointment right away.

If English is not your first language, we can get an interpreter on the phone to help. For free language services and more information about your rights, see the government notices on page 17.

What is a Dental Home?

When you become eligible for the Maryland Healthy Smiles Adult Dental Pilot Program, you can choose a Dental Home. You can go to your Dental Home to get regular checkups and most of your dental care. If you don’t pick a Dental Home, we will pick one for you that is close to your home and offers the services you need. You can change your Dental Home at any time. To choose a different Dental Home, call Customer Service at 1-855-934-9812 or visit our website any time: www.member.MDhealthysmiles.com, and follow these steps:

- Log in if you are a returning user with your user name and password. Then select the option to change your Dental Home.
- If you are a new user (never registered on the website), click “Register Now” and follow instructions.
  - To register as a new user, you will need the following information: group number, subscriber ID, and a valid email address.
  - Instructions on how to register as a new user are also located on our website.

To make an appointment to see a dentist, call your Dental Home. Your Dental Home phone number and address are printed on your Member ID card. The dental professionals at your Dental Home work together to help you get the care you need to stay healthy.

For example, your Dental Home can:

- Help you set up regular dental visits.
- Set up a treatment plan—just for you.
- Refer you to a specialist for needed care.
- Help you learn how to care for your teeth and your dental health.
- Give you tips and information about healthy foods.
Why is a Dental Home important?

By going to the same Dental Home regularly, your dentist will get to know you and your health needs. If you need specialty care, your dentist will refer you to a specialist.

When you visit the same Dental Home regularly, you will get to know your dentist and the people who work at the dental office. You’ll know who to call for appointments, how to get answers to your dental questions, and who to call in an emergency.

Get started!

Getting to know your Dental Home is easy—just call the number on your Member ID card and make an appointment. Tell the dentist’s office that you are a member of the Maryland Healthy Smiles Adult Dental Pilot Program.

For a healthy life, most people should have regular checkups every six months. Your dentist can help you set up regular dental visits. If you have questions, call Customer Service at 1-855-934-9812.

How do I choose a different Dental Home?

You can choose any Dental Home that is seeing new patients and is part of the Maryland Healthy Smiles Dental Program network. To choose a different Dental Home, call Customer Service at 1-855-934-9812 or visit our website any time: www.member.MDhealthysmiles.com, and follow these steps:

• Log in if you are a returning user with your user name and password. Then select option to change your Dental Home.
• If you are a new user (never registered on the website), click “Register Now” and follow instructions.
  o To register as a new user, you will need the following information: group number, subscriber ID, and a valid email address.
  o Instructions on how to register as a new user are also located on our website.

Which Dental Home can I choose?

If you do not wish to be seen by the Dental Home on your Member ID card, you can choose any Dental Home that:

• Is accepting new patients in the Maryland Healthy Smiles Dental Program.
• Offers the dental services you need.

How soon can we see a new dentist?

Make an appointment with your new Dental Home right away!
Why might I be moved to a different Dental Home? 
You may be moved from one Dental Home and assigned to a different one if:

• You don’t visit the dentist for regular checkups.
• You miss too many appointments or arrive late for appointments.
• You don’t follow the dentist’s advice.
• You are loud or disruptive at the dental office.

*Please note* - A dentist is required to give you 30 days’ notice if they will not see you anymore.

What if I see a dentist who is not my Dental Home? 
You can see any dentist who is a member of the Maryland Healthy Smiles Dental Program network, even if that dentist is not in your Dental Home. When you make an appointment, let the dentist know you are a member of the Maryland Healthy Smiles Adult Dental Pilot Program. When you arrive for your visit, show the dental office your Member ID card.

If you see a dentist who is a member of the Maryland Healthy Smiles Dental Program network, you don’t have to pay for dental services that are covered by the program.

What if the dentist is not part of the Maryland Healthy Smiles Dental Program network? 
If you see a dentist who is not part of the Maryland Healthy Smiles Dental Program network, you may have to pay for all of the services.

If you can’t keep an appointment, call the dentist’s office right away. The Dental Home phone number is printed on your Member ID card.

If you miss too many appointments, your Dental Home or dental specialist will let us know. We will try to get in touch with you by telephone or by mail to remind you to set up another appointment.
