

**Second Public Notice for Maryland's State Plan Amendment for Targeted Case Management Services for Certain Medicaid Programs Operated by the Developmental Disabilities Administration (DDA)**

The Maryland Department of Health is amending the State Plan to include certification requirements and establish a geographic differential rate for targeted case management (TCM) services offered under certain Medicaid programs that are operated by the DDA. This rate will be applicable to TCM agencies that serve people residing in Calvert, Charles, Frederick, Montgomery, and Prince George's counties. For dates of service beginning October 1, 2020, the Maryland Medical Assistance reimbursement rate will be \$21.82 per 15-minute billing unit for DDA TCM providers serving participants in those counties in Fiscal Year 2021 (July 1, 2020 - June 30, 2021). This is an increase of 5.3% over the standard rate of \$20.72 per 15-minute billing unit. The annual cost is estimated to be \$1,267,613 (53% State General Funds and 47% Federal Funds).

The first public notice for this SPA printed on August 28, 2020. No written comments were received regarding the proposed changes. For more information on this notice, please contact Katia Fortune, MDH Medicaid Provider Services, at (410)767-4267 or [katia.fortune@maryland.gov](mailto:katia.fortune@maryland.gov).
