TO: Managed Care Organizations

FROM: Susan Tucker, Executive Director, Office of Health Services

RE: Pricing for services on encounter data to comply with the Medicaid and CHIP Managed Care Final Rule, effective January 1, 2018

NOTE: Please ensure that the appropriate staff members in your organization are informed of the content of this transmittal.

Effective January 1, 2018, all encounter data submitted to the Maryland Department of Health (the Department) must include allowed/paid amounts on the encounter in order to meet the completeness and accuracy requirements of 42 CFR 438.242.

The 837 Professional Encounter Companion Guide and 837 Institutional Encounter Companion Guide are updated and available on the Department website for mapping the provider paid amount and paid date. The website link to download the companion guides is <https://health.maryland.gov/HIPAA/Pages/transandcodesets.aspx>. The Department will use the Line Adjudication Information Loop (2430) to convey the amount paid to the provider and the date the MCO paid the provider.

If you have questions regarding the requirement to include paid amount information for services on encounter data, please contact mdh.hipaaeditest@maryland.gov for testing issues, or mdh.ediops@maryland.gov for production issues.
