RE: MCHP PREMIUM ELIGIBILITY PROCESS FOR REDETERMINATIONS

**PROGRAM AFFECTED: MEDICAL ASSISTANCE
MARYLAND CHILDREN'S HEALTH PROGRAM
MARYLAND CHILDREN'S HEALTH PROGRAM/PREMIUM**

ORIGINATING OFFICE: OFFICE OF ELIGIBILITY SERVICES

SUMMARY:

State and federal law requires annual redeterminations for customers receiving Medicaid Services. Eligibility for children receiving MCHP Premium is processed by the MCHP Premium Unit at the Department of Health and Mental Hygiene (DHMH) after the customer has been denied for the Maryland Children's Health Program (MCHP) by the Local Department of Social Services (LDSS) or the Local Health Department (LHD). Children receiving Medicaid Services in the D02 or D04 coverage groups whose family agrees to pay the designated monthly premium; and whose family income falls within 200-300% of the Federal Poverty Level (FPL) will continue to have their Annual Redetermination initiated by the MCHP/Premium Unit at DHMH.

Originally, MCHP Premium customers received at redetermination the same MCHP application for redetermination as first time customers in the MCHP Program. Effective immediately, DHMH has implemented a streamlined process for MCHP Premium redetermination. This entails generating a pre-populated Client Information Form (CIF), instead of an application.

ACTION REQUIRED:

Within 70 days of the end of the certification period, the MCHP Premium Unit will send the Head of Household the MCHP Premium redetermination notice and the MCHP Premium CIF (Attachment A). The redetermination notice provides instructions on completing the redetermination form and informs the Head of Household about the

importance of signing and returning the form by the due date. The CIF contains information from the prior year's MCHP application for the Head of Household to review and update; if household changes have occurred. The Head of Household is responsible for completing, signing, and returning the redetermination form to the appropriate LHD/LDSS in the county of residence. The LDSS will only receive CIF's from households with associated cases; these CIF's must be processed timely to ensure no interruption in Premium benefits. If the CIF is returned to the LHD and has an associated case, the form should be forwarded to the LDSS promptly. This is to ensure the redetermination is completed timely in order to continue benefits with no interruption.

Note: The Social Security Number shown on the MCHP Premium redetermination form will be masked except for the last 4 digits. The complete Client Identification Number for the Head of Household will appear on the CIF.

LDSS/LHD Responsibilities

1. The LDSS/LHD case manager who receives a redetermination form must perform the appropriate clearances.
2. Pend and process the renewal form for current eligibility using the LDSS/LHD's receiving date stamp as the date of application.
3. Test the application for the F05 category, if the household contains more than one child or a pregnant woman.
4. If the application is for child only, J screen the last denied MCHP AU. Process the reported changes and issue an eligibility redetermination.

Note: Tardy Redetermination Rules are applicable for processing these redeterminations. If the CIF is received within 90 days of the end of certification, pend the AU from the 1st of the following month and determine eligibility for all months.

After the LDSS/LHD has determined eligibility is denied due to overscale income, the case will be referred to the MCHP Premium Unit for an eligibility determination of DO2 or D04 premium category for the on-going month.

MCHP Premium Unit Responsibilities

The MCHP Premium Unit reviews the referrals from CARES and processes the case for continued eligibility. The MCHP Premium Unit must close the redetermination case by the effective date shown on the front of the Redetermination Notice should the Head of Household fail to respond timely. The MCHP Premium Unit must send an adverse action notice with another application form to prompt the customer to reapply for the Medicaid Service. The MCHP Premium Program does not accommodate retroactive eligibility.

Appeals

The MCHP Premium Unit will handle appeals **only** for cases in which the issue for appeal is **limited to timeliness**. The Local Health Department will continue to handle all other appeals resulting from the MCHP Premium redetermination process.

INQUIRIES:

Please direct MCHP policy questions to the DHMH MCHP Division, or to the Division of Eligibility Policy, at 410-767-1463 or 1-800-492-5231 (select option 2 and request extension 1463).
