

# MARYLAND MEDICAID PHARMACY PROGRAM

No. 178  
December 13, 2017

## ADVISORY

*In an effort to give timely notice to the pharmacy community concerning important pharmacy topics, the Maryland Department of Health (MDH), **Maryland Medicaid Pharmacy Program** (MMPP) has developed the **Maryland Medicaid Pharmacy Program Advisory**. To expedite information timely to the pharmacy and prescriber communities, an email network has been established which incorporates the email lists of the Maryland Pharmacists Association, EPIC, CARE, Long Term Care Consultants, headquarters of all chain drugstores and prescriber associations and organizations. It is our hope that the information is disseminated to all interested parties. If you have not received this email through any of the previously noted parties or via MDH, please contact the MMPP representative at 410-767-1455.*

### **Sabril® Powder Packet (Brand) on DAW 6 Program**

In some instances the multisource brand name drug is required over its generic equivalents, because the branded drug is less costly than its generic counterpart. This happens most often in cases of newly released generics. When manufacturer rebates are taken into consideration, the brand name drug has a lower net cost to the State.

**Effective Tuesday, December 5, 2017**, MMPP covers **brand Sabril® Powder Packet** over its generic counterpart (vigabatrin powder packet). Claims for Sabril® Powder Packet must be submitted with DAW 6 and will be priced appropriately. Claims for Sabril® Powder Packet with any other DAW code will reject. A MDH Medwatch form will not be required.

- **Sabril® Powder Packet is still a non-preferred drug and will require a prior authorization by the prescriber.**
- If any problems are encountered during the on-line claim adjudication, contact Conduent 24-hour Help Desk at 800-932-3918 for additional system overrides related to the use of the correct DAW code (for example, if there is other primary insurance).
- All Advisories are available online on MDH's web link at:
